# BRAVO™

Deodorizing Urinal Screens

# 30 Days of Restroom Odor Control!

## DEODORIZES URINAL FOR 30 DAYS

- *Bravo's unique formula contains 15x more fragrance than standard urinal screens. The fragrance is released over a 30+ day design.*

## VOC COMPLIANT

- *No ozone depleting ingredients. 1/10 the VOC's of aerosols.*

## ELIMINATES ODORS

- *Unique formula releases billions of bacteria that help clean and maintain the urinal and drain.*

## PATENTED SHAPE & TRANSLUCENT DESIGN

- *Attractive look that allows superior fit in all urinal styles. Provides a full view of urinal drain while trapping debris.*

## SAVES TIME & MONEY

- *Splash reducing nodules cut cleaning time by as much as 50%*

## LEED COMPLIANT

- *Meets the "Purchase of Sustainable Cleaning Products and Materials" criteria under the LEED Point System. Fragrance rapidly biodegrades and screen is recyclable.*

Made in the USA

7

VOC compliant and meets LEED sustainable criteria

# BRAVO™

Deodorizing Urinal Screens

## Long Lasting Fragrance Release!

**The Bravo urinal screen was studied as to fragrance release *(figure 1)*. A slow continuous release of fragrance was obtained from the Bravo screen.**
**At the end of the test at 54 days, we found that the screen was still releasing fragrance at original intensity.**

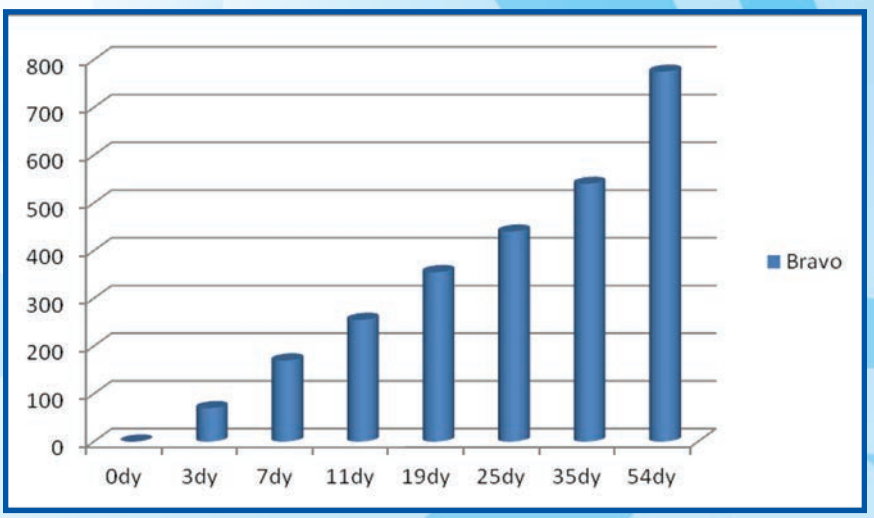

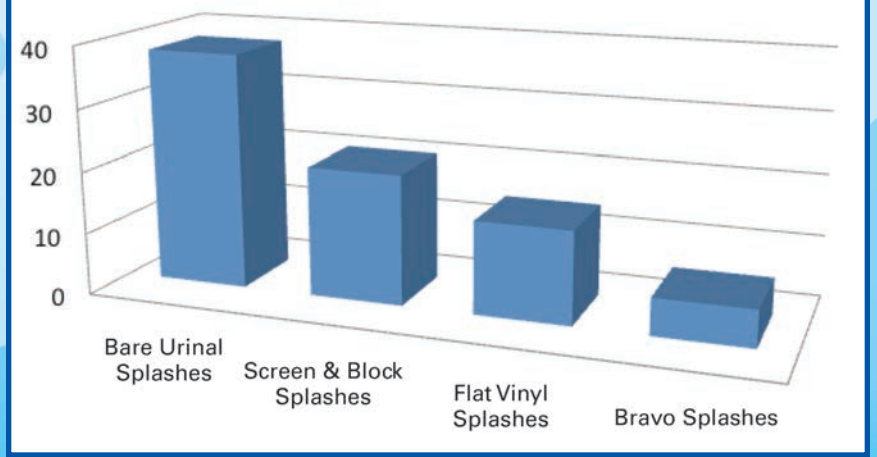

*Figure 1. Milligram fragrance evaporated from the Bravo urinal screen as a function of time throughout an eight week period.*

### SPLASH REDUCTION DATA

**Random delivery pattern of 300ml of liquid over a urinal measuring the droplets caught on a blotter paper outside the edge of the urinal yielded the following results.**

*Greater than 80% reduction in splash versus a urinal without Bravo screen in it.*
